## CC user registration

### CC user service terms

Welcome you to join the site to participate in the exchange and discussion, for the maintenance of public order and social stability, please consciously abide by the following terms:

1. the confirmation of the Terms of Service and accept

The ownership and operation of site services belong to us. The services provided must be in accordance with the articles of incorporation, publish terms of service and operating rules strictly enforced. By completing the registration process and click I agree button, which means that the user and the site agreement and accept all the terms of service.

#### Services

Site using its own operating system to provide users with various services through the Internet, this service is free. The user must:

- (1) the provision of equipment, including a PC, a modem and equipped with Internet access devices.
- (2) Personal Internet access and payment of telephone charges related to this service.

Take into account the importance of the site products and services, the user agrees:

- (1) providing timely, detailed and accurate personal information.
- (2) update registration information with timely, detailed and accurate requirements. All the original type of information will be used for registration information.

In addition, the user may authorize the Site to a third party to disclose their registration information, otherwise the site can not disclose the name, address, address, e-mail account. Unless:

- (1) The requirements of this site or authorizes a person to disclose such information by e-mail service.
- (2) the corresponding laws, regulations, requirements and procedures need to site to provide users personal information.

If the user-provided information is inaccurate, untrue, not legitimate and effective, this site reserves the right to end users use the site for various services.

Users enjoy the site of the service at the same time, agree to provide a range of information services.

13, end of service

Users or the site according to the actual situation at any time interrupt service. Site at any time without any third party individual or interrupt service. Users who object to any proposal to the Terms of Service or modify the terms of the later object to, or dissatisfied with the services on this site, the users only recourse:

- (1) no longer use the site services.
- (2) the end of the qualifications of the users use the site services.
- (3) notice this site to stop the users service.

End user services, the user the right to use the site services immediately suspended. Since then, the site is no longer any obligation.

14, notices

All notices can be sent to the user via e-mail or regular mail delivery. Powered by e-mail service transmitters message to the user, to tell them that the modification of the terms of service, service changes, or other important things.

15, in the ad planning

Users can join in the information they published promotional materials or participate in the advertising campaign to showcase their products on the site of the free service. Any such promotional methods, including the transport of goods, payment services, business conditions, guarantees and advertising-related description are only the appropriate users and advertising sellers. The site does not accept any responsibility for the site under no obligation to bear any part of the responsibility for this type of advertising sales.

16, e-mail content ownership

User-defined content includes: text, software, sound, photographs, video, charts; all ad content; site users salon service to provide users with business information. All of these content are protected by copyright, trademark, labels, and the protection of other property ownership laws. Therefore, the user only in the site and advertisers authorization to use such content, but not unauthorized reproduction, recycled content, or create content-related derivative products.

17, the law

Users and the site agreed to resolve by arbitration related to this Agreement and the controversy generated by the use of the Sites services, but this site have the right to choose to take the litigation, and the right to choose the admissibility of the proceedings of a court of competent jurisdiction. If any terms of service conflict with the law, these provisions will be as close as possible to re-parsing, while other provisions will remain on the user to produce legal effects and impact.
